

## IS GOING FORWARD

UNIVERSALISM'S FORWARD MOVEMENT HAS BEGUN.

SO DECLARES DR. NASH

ENCOURAGING ADDRESS BY LOMBARD UNIVERSITY PRESIDENT.

Thirty-second Annual Convention of the Society Began Its Work in Earnest Yesterday—Dr. Nash's Address the Feature of Yesterday's Session.

Sessions of the thirty-second annual Universalist convention of the state of Missouri were held all day yesterday. Owing to the absence of one or two on the program several changes had to be made. The session at 11:45 was presided over by Rev. Dr. E. Cunningham, of Kirksville, Mo.

In the afternoon Rev. Dr. P. Jones addressed the convention as the program, and Rev. Dr. Nash's address on "Our Forward Movement" was transferred on the program from the evening to the afternoon session. He filled the place to have been occupied by the Rev. Dr. Stanford Clarke, of Leavenworth, Mo. Dinner and supper was served at the church for the members of the convention.

All the exercises of the afternoon breathed of fervor, good will and enthusiasm. Rev. Dr. Nash's address on "Our Forward Movement" was especially inspiring. He believes the forward movement in the Universalist church has already begun, and that, though the visible signs of this progress may not yet be clear to all, yet the church has already taken a vast step forward. One of the first signs of this forward movement, according to Dr. Nash, is that the church has ceased to be satisfied with itself. Dr. Nash recalled the time when the annual convention address was not to be one of laudation and self-satisfaction with the great truths held in their faith, but now more and more the church is realizing the incongruity of so small and weak a body preaching universal salvation and sees that a new movement of earnest activity must be inaugurated in order to really make the truths taught universal.

Another sign of the forward movement and a most encouraging one is that more and more the church has ceased to be divided over petty differences of creed and doctrine, and is tending toward a more united action. Many of the great differences of the trifling differences. This step means that the old questions of useless discussion and strife are to be put aside for the future and that the church will direct its energies toward the real and vital questions of the day.

"I am sure," reiterated Dr. Nash, "that a new spirit has taken possession of our church which will carry forward the work toward the carrying forward the progress of our faith, and this is an immeasurable step in the forward movement. The conditions requisite for the advancement of the church movement are two—first, a complete acceptance of the religion of Jesus Christ, a more Christlike life, and second, a determination to go ahead and do something. Each individual must have a firm belief in his own power to help forward the progress of the church. Nothing is ever accomplished in this world in a half-hearted way, one must have a belief in his own powers."

The characteristics of the new spirit which is filling the church, Dr. Nash said, "are the spirit of reverence, self-surrender and service."

After Dr. Nash's address a resolution was passed by the convention to send greetings, through Dr. Nash, to the national Universalist convention, to be held in Boston next week, assuring them of the hearty co-operation of the Western church with that of the East, and the message, "We believe in the forward movement." Dr. Shinn, the missionary for the United States, then spoke a few inspiring words emphasizing the truth of Dr. Nash's statements of the new spirit that had arisen. After the reading of the report of the fellowship committee by the Rev. Dr. J. S. Cantwell, the convention was adjourned till evening.

Last night Rev. Dr. O. H. Shinn, United States missionary of the Universalist denomination, preached to an audience of about 200 people on the "Universalism of the Eternal Fire." Dr. Shinn's talk contained many vivid illustrations and the substance of it was that all sin is rooted in selfishness.

The conference meeting this morning will be held by Rev. Dr. E. M. Clark, of Kansas, Mo., and there will be addresses during the day by Dr. Shinn and Rev. Dr. J. S. Cantwell, Chicago, Ill.

DR. COOMBS' MEETINGS.

Will Begin a Revival at the South Prospect Christian Church October 22.

Rev. Dr. J. V. Coombs, the noted evangelist of Indianapolis, Ind., will hold a series of meetings for the South Prospect Christian church, Twenty-second and Prospect avenues, commencing October 22. He will be accompanied by an equally noted singer, thus making his services especially attractive as well as interestingly instructive.

Coombs is the most noted and successful revivalist in the Christian denomination, and an immense meeting is expected. To that end the church people are making extensive preparations.

Baking Powder Combine Fights the Law.

The combination known as "The Associated Baking Powder Manufacturers," operating the enforcement of a law of Missouri which is designed to protect people from certain unwholesome substances in food. Among the articles of food whose manufacture and sale are prohibited by law are all those containing alum, which is employed in making the cheaper grades of baking powder.

Such an organized opposition to the pure food law of the state will not meet the approval of the people. The health of our families is the most important of all considerations. Alum baking powder has been condemned by law elsewhere and all our own and other health authorities for years, and the best interests of the people demand the enforcement of the law.
